

Introduction to Woodworking 102 with Curt Vevang

Skill Level: Beginner

Class Size 4-6

Tools Required: Safety Glasses, Tape Measure, Pencil, Engineer's Square

Description: If you liked Introduction to Woodworking 101 this class is for you. In this class you'll be making a small keepsake/storage box. We will be using the table saw as well as the router and router table. You will learn to cut mitered box corners and how to use splines to strengthen the mitered joints. We will learn a technique for cutting the splines so they fit properly. This is a 9 hour class consisting of 3, 3 hour sessions on successive Thursday evenings. For more information call the store or visit curtvevang.com/classes

Prerequisite: Introduction to Woodworking 101 or equivalent

Tuition \$190.00 (price includes materials)
